TimeUse⁺

Were you invited to help us shape the future of mobility?

Let's get started!

Did you recieve an invitation from ETH's Institute for Transport Planning and Systems to be part of the **TimeUse+** Study?
Follow these three simple steps and start tracking today!
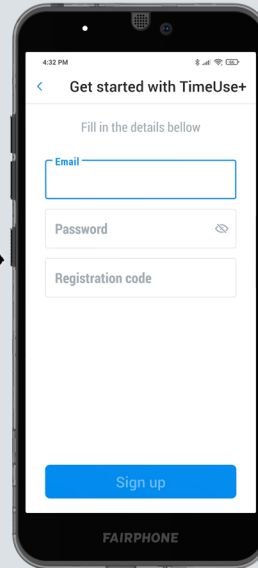

1. Install the app

Go to the Play Store, search for "**TimeUse+**" and **install** he app

Have your invitation letter at hand.
You will need your **registration code** to proceed

2. Registation

Once installed, **open** the app and fill in:

E-Mail
example@swissmail.com

Password
Minimum 6 characters you choose

Registration code
Find it in yout invitation letter
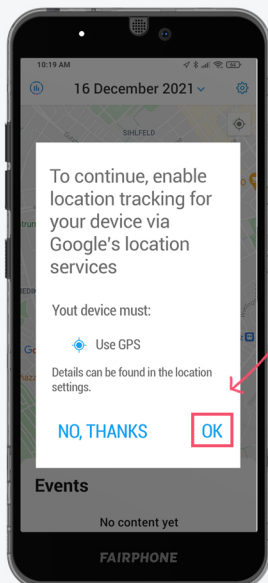

Problems? contact us
timeuse@ethz.ch

3. Log in and first settings

After registering you can normally log in providing only your email and password. *For the first time you log in, it is very important to choose the correct settings:*
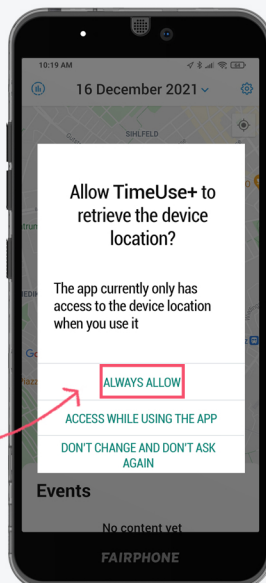

Location

Allow the app to use your location ALWAYS

1 Select OK

2 Allow us to use your location

Further settings

Due to the variery of phones, each configuration will be slightly different. Please adjust the following directly in your phone's settings:

Battery

Disable battery optimization and power saving mode for the app

Allow background services and activities

Activity recognition

Enable access to sensor data such as body movements

Check the FAQs Manual!
